Ferris School is a full member of the Delaware Interscholastic Athletic Association (DIAA), the governing body of high school sports in Delaware. Sports offered at Ferris School include football, basketball, lacrosse and intermural weightlifting.

Ferris School athletic teams compete against public and private schools located throughout the State of Delaware and some in Pennsylvania, Maryland, and New Jersey. We diligently work to instill the values of pride, cooperation, and sportsmanship in all of our student athletes.

Governor John Carney honors Ferris Coaches (l-r) Armstrong, Booker, and Carlis in May 2017.

Lacrosse

Twenty student athletes played lacrosse for the first time in spring 2017 – and nailed it! In addition to the Ferris Coaching Staff, volunteers from the lacrosse coaching staffs of Wilmington Friends School and the University of Delaware also lent a hand to teach the team the fundamentals of the game.

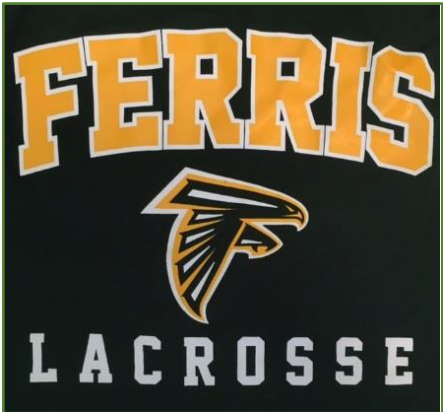

In addition to scheduled games, Ferris hosted a US Lacrosse/Sankofa Lacrosse Clinic in May 2017. The boys had the opportunity to learn more about the sport from some of the best athletes and coaches from across the nation. More about the Sankofa Series can be found located here: <http://www.uslacrosse.org/diversity-inclusion/sankofa-clinic-series>.
